PRESS RELEASE

Dated: 24th April 2014

ECIL employees take pledge to vote

Hyderabad: ECIL employees today participated enthusiastically in taking pledge to cast their vote in the forthcoming elections.

At 1100 hrs a siren was hooted at ECIL factory and all employees assembled at conspicuous places in their respective divisions and workshops and took the pledge to vote. They also pledged that they will not get lured by money, caste, creed, gifts and alcohol and that they will pursue their fellow citizens to cast their vote. Executive Directors, General Managers, Heads of Divisions took the lead in administering the pledge to the employees in their Divisions.

Photos of the event are attached.

**About ECIL:**

Electronics Corporation of India Limited (ECIL), a wholly owned Government of India Enterprise under the Department of Atomic Energy, was established in 1967 to primarily meet the control and instrumentation requirements of India's nuclear power program. With self-reliance as its guiding beacon, ECIL pioneered a number of products and technologies. These include Electronic Voting Machine (EVM), Cockpit Voice Recorders popularly known as Black Box, Programmable Logic Controllers, Earth Station and Deep Space Network Antennas. ECIL is widely recognized as a trailblazer in electronics and information technology in the country.

The EVMs with their field proven simplicity, integrity and ruggedness have helped simplify the electoral process and strengthen democracy. Another recent product, the Voter Verifiable Paper Audit Trail (VVPAT) system is an innovative add-on to the EVM which promotes the verifiability needs of the voter without diluting the integrity or simplicity of the voting process.
