

Electronics Corporation of India Limited
(A Government of India - Department of Atomic Energy - Enterprise)
HYDERABAD - 500 062

PRESS RELEASE

Dated: September 16, 2013

Shri P Sudhakar takes over as Chairman & Managing Director, ECIL

Shri P. Sudhakar has taken over as Chairman & Managing Director of Electronics Corporation of India Limited (ECIL), a Hyderabad based Public Sector Undertaking under the Department of Atomic Energy. He has been with ECIL since 1979 and was holding the Office of the Director (Technical) and Acting Chairman & Managing Director, ECIL prior to this appointment.

Shri Sudhakar is a graduate in Electrical Engineering from National Institute of Technology, Warangal and holds a Masters in Integrated Electronics and Circuits from Indian Institute of Technology, Delhi. He had extensive training abroad on Automation Systems. He has undergone Advanced Management Program at European Schools of Management. He has presented technical papers on varied topics at National and International Conferences.

During the past three decades of distinguished service with ECIL, he specialized in the areas of design, development, manufacturing, testing and commissioning. He is closely involved with the control and automation systems of all the operating nuclear power plants of the country. He worked with Defence Research and Development Organization, Bhabha Atomic Research Centre, Indira Gandhi Centre for Atomic Research and leading Academic Institutions for many R&D projects. He had successfully led the execution of Command Control Systems of Akash and BrahMos missile programs. He is associated with a number of projects of strategic importance for the nation undertaken by ECIL.
