Sl. No	Description
1	RFQ Amendments/Addendum page:2
2	Reply to Clarifications page: 3 to 4

Note: Bidders are requested to enclose all the relevant documents in proper order with page number and indexing for easy verification.

Jammu & Kashmir State:**RFQ AMENDMENTS/ADDENDUM**

Sl. No.	Clause/ Reference page	Existing	Revised/Addendum
1.	4.14	The Biometric data packets after the capture have to be stored properly. The CIDR packets shall be uploaded to UIDAI server on a daily basis and the RGI packets shall be sent to ECIL Head Quarters on a regular basis.	The Biometric data packets after the capture have to be stored properly. The CIDR packets shall be uploaded to UIDAI server within 7 days or UIDAI limit whichever is earlier and the RGI packets shall be sent to ECIL Head Quarters on a regular basis.
2.	4.15	The service provider shall ensure that the laptop used for BME at the Centre is synchronized with UIDAI server, using the current version of Aadhaar client mandatorily once in three days.	The service provider shall ensure that the laptop used for BME at the Centre is synchronized with UIDAI server, using the current version of Aadhaar client mandatorily within 7 days or UIDAI limit whichever is earlier.
3.	4.19	The operators / supervisors shall be UIDAI certified and familiar with local language and English.	The operators /supervisors shall be UIDAI certified and familiar with local language and English. The vendor shall appoint certified local operators who have knowledge in local language and English for Data Entry .

Jammu & Kashmir State:**REPLY TO CLARIFICATIONS**

Sl. No.	Clause	Clarification sought	Reply to clarification.
1	Clause-5.02	Point 5.02: It is not clear whether the operators mentioned in this clause should be local resident of the state or not.	The operators /supervisors shall be UIDAI certified and familiar with local language and English. The vendor shall appoint operators who have knowledge in local language and English for data entry.
2	Clause-5.03	Point 5.03. The clause has the ambiguity as the UIDAI enrolments for the residents can be done from any state in the UIDAI process. There should be clarity whether the EA has performed the job within the state of Jammu and Kashmir or the EA has been commissioned such work within the state of Jammu and Kashmir.	EA should have carried out Min. 5,000 Nos. of Biometric enrollment in J & K and also have carried out Min.10 Lakh BME across the country as per UIDAI norms, for either NPR or UIDAI.
3	Clause-16.00	Point 16: The PBG for the project is very high as per the calculation by ECIL in the RFQ i.e. 30,000 per centre the revenue per centre per year is 3,60,000 , therefore, Rs 1,00,000.00 PBG is approx. 28 % of the cost which is very high.	No change in the clause 16.00.
4	IPBG-8.1	Clause 8.1: Our banker is The Jammu and Kashmir bank limited which is neither Nationalized bank nor mentioned in the list provided in the clause for Integrity pact. Please include the Jammu and Kashmir bank also.	IP-BG is required if order value exceeds Rs.5.00 Crores.
5	Nil	Ladakh region: As you are aware that cost in the Ladakh region (District Leh and Kargil) is very high and the region was considered separately in the tenders of NPR biometric ,	The Bidder has to quote one rate in the State, considering Leh & Kargil rate also may be amortized over all

		SECC and others , It is requested to consider the region separately in this RFQ as well.	the centers.
6	5.01	The turnover should be increased from one crore to atleast 3 crore which is one third of the Model tender for Three states floated ITI	No change in Turnover.
7	5.02	The number of the operators should be raised 30 to fifty with the conditions that these should be local as they have to deployed permanently in these centre and for the success of Leh project should be from the area where this centre is to established	No change in number of operators. Refer Sl. No-1
8	Nil	J & K has population of 1 Crore for which biometric is to be taken and while as so far around 50 Lakhs has been covered. The no of BME done should have been minimum in that state 10% of the population of the covered BME which is 5 Lakhs or atleast the Vendor should have done minimum 1 Lakhs BME of that state for which he is quoting and should have 50 operators on board of that particular state.	Ref Sl. No-2
